

Lutron Commercial Solutions app

For iPad and iPad mini with iOS 6 or later

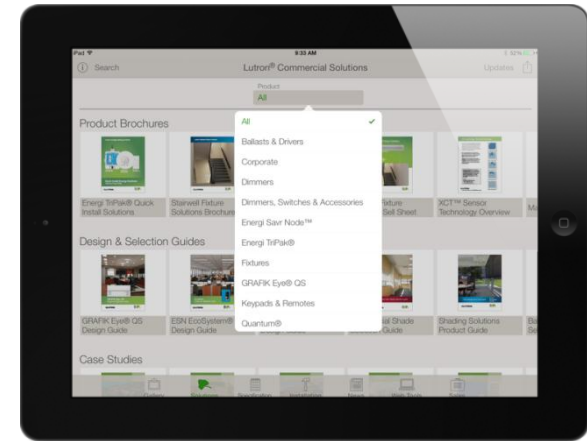

FREE in the App Store, in the US

WHAT IS IT:

- A mobile iPad app that allows users to browse Lutron's **commercial technical and marketing documentation**, and email or save those documents for later use.
- Content covered ranges from Energi TriPak to Quantum, and includes spec sheets, installation guides, application notes, engraving sheets, CSI specs, brochures and product and application images.

For iPad and iPad mini with iOS 6 or later

- myLutron log-in will be required to access content in the app
- Lutron employees, salespeople and reps will have access to an additional tab with password-protected content such as price sheets, promotions and program information. If you need access, email myLutronSupport@lutron.com
- Currently available in the US only. Canada and international version coming soon.
